

JOIN THE JOURNEY!

Are you ready to revolutionise urban rail and use cutting edge technology to design transport systems that are quiet and gentle on rolling stock and infrastructure?

We offer passionate engineers the unique chance to make an impact and see their work directly implemented.

„Our philosophy of go big or go home, favours bold, brave and beautiful ideas.“

Are you driven to use your skills and knowledge to make a real impact and see your work transform from inspiration to reality?

ARE YOU AHEAD OF THE CURVE?

Traila wants you!

We have the tools and resources you need to make a real difference and see your contributions in action, on track.

You will have access to an in-house rail-grade machine shop, a testing laboratory and to world class specialists to help you make ideas reality.

Together we shape the future of rail!

DR. STEFAN HEINRICH
TECHNICAL TEAM LEADER

„Join my team to shape the future of rail.“

NICOLE DEUBELBEISS
MECHANICAL DESIGN

„At Traila I feel valued as an individual, and empowered to develop as a person and an engineer.“

TOM ARMAND
TEST ENGINEER

„I was empowered to take responsibility for my area as soon as I arrived, and within 4 months I was already listed on a new patent.“

SIMONE URBINATI
**SIMULATION &
NUMERICS ENGINEER**

„What we are building at Traila is deeply meaningful, and has the potential to improve rail transport worldwide.“
